

Domestic Abuse Policy

Schools and Educational Settings in Lincolnshire

Name of Designated Safeguarding Lead / Head Teacher:	Date Policy Implemented:
Mrs Helen Simms	3 rd November 2016

1. Policy Statement

"This policy should include clear statements regarding what it means to our school / educational setting and how we plan to respond to those statements."

This Policy is also a point of reference for all employees who are involved in reports of domestic abuse in a work capacity. Employees can refer to this Policy for guidance purposes.

2. Introduction

This policy is to support schools and educational settings work towards a safer community. Schools and educational settings have a responsibility to respond to the safety and welfare of children they are working with and a duty to recognise that their employees may also be affected by domestic abuse.

3. Aims of this policy

- To send out a strong message that domestic abuse will not be tolerated and that schools and educational settings will promote healthy and respectful relationships.
- To develop an effective and supportive response for all those affected by domestic abuse.
- To optimise the opportunity for disclosure of domestic abuse in a safe environment.
- To offer practical suggestions of further support available.
- To offer the Head Teacher guidance on how to support employees affected by domestic abuse

4. Definition of domestic abuse

The Home Office 2021 definition of domestic violence and abuse now states:

Behaviour of a person ("A") towards another person ("B") is "domestic abuse" if A and B are each aged 16 or over and are personally connected* to each other, and the behaviour is abusive.

Behaviour is "abusive" if it consists of any of the following: a) physical or sexual abuse; b) violent or threatening behaviour; c) controlling or coercive behaviour; d) economic abuse; e) psychological, emotional or other abuse; It does not matter whether the behaviour consists of a single incident or a course of conduct.

*Personally connected: They are, or have been, married; civil partners; have agreed to marry one another; have entered into a civil partnership agreement; are or have been in an intimate personal relationship; they have or have had a parental relationship in relation to the same child; or are relatives.

Controlling behaviour is: a range of acts designed to make a person subordinate and/or dependent by isolating them from sources of support, exploiting their resources and capacities for personal gain, depriving them of the means needed for independence, resistance and escape and regulating their everyday behaviour.

Coercive behaviour is: an act or a pattern of acts of assault, threats, humiliation and intimidation or other abuse that is used to harm, punish, or frighten their victim.

5. Raising of domestic abuse with Parent / member of staff

The member of staff who has the best working relationship with the parent/carer or member of staff should be the one who asks the questions about their concerns. This should occur in a safe and suitable environment, where the abuser or another inappropriate person is not expected to interrupt or overhear and respect given to that persons privacy and dignity.

These conversations should never happen in the presence of the abusive partner, any children involved

OR any family member unless the individual states that it is safe to do so while the family member is not with them.

More helpful information on asking the question is available on page 23 of the Domestic Abuse Protocol for Schools and Educational Settings [link at the end of this Policy].

6. Response following disclosure or concern

When responding to domestic abuse, employees are expected to adhere to the Referral Pathway in the Domestic Abuse Protocol for Schools and Educational Settings [Appendix 1] and page 27 onwards for appropriate processes of referral for all age ranges of those affected by domestic abuse.

In those circumstances where the victim is under 18 years and the perpetrator is 18 years or above, or if both victim and perpetrator are under 18 years this should also be treated as a child safeguarding concern. A referral/signposting can also be made to specialist domestic abuse services if aged 16/17 years. In the event that a child is known to be involved in a violent relationship, the member of staff should consider undertaking an Early Help Assessment. Should they subsequently decide they would like a consultation with an Early Help Advisor regarding their next steps this should be arranged. During the course of any such discussions the member of staff may find it helpful to consider with the Early Help Advisor whether the matter meets the threshold for social care intervention.

If the member of staff believes the child is at immediate risk then they should contact the police and initiate child protection procedures by contacting the Children's Services Customer Services Centre (CSC) on 01522 782111 and reporting a safeguarding concern; e.g. a child involved in a relationship with a violent girlfriend / boyfriend. Outside of normal working hours contact should be made to the Emergency Duty Team on 01522 782333.

Professional Curiosity

The Domestic Abuse Protocol stresses the importance of professional curiosity. Employees must demonstrate a non-discriminatory approach and explore the issues and formulate judgements that translate into effective actions in their dealings with children, adults and families. This should be matched by an organisational culture which supports its employees

in openness, constructive challenge and confidence to practice sensitive and challenging circumstances at the front line.

It is vital that employees understand the complexity of domestic abuse and are curious about what is happening in the child, adult and perpetrators life.

Professional curiosity is the capacity and communication skill to explore and understand what is happening within a family rather than making assumptions or accepting things at face value.

Employees should never avoid asking the difficult questions, sharing concerns with your Designated Safeguarding Lead [DSL] as a "fresh pair of eyes" looking at a case can really help to maintain good practice standards and develop a critical mind-set.

Inform the individual who has disclosed to you or of whom you have concerns for of the local support services in your area, so they can contact them either with you or either directly at their convenience.

Support to staff who may be affected by domestic abuse could be offered additional leave for appointments with solicitors or doctors or support services for example, the school/educational setting should be as flexible as possible to be able to accommodate the employee's requests.

Extra security could be offered for example if the employee is being stalked or harassed, you could offer a different parking space and way of entering the work place, start or finish time to enable a change in work pattern. Arrangements could be made to allow no mention of that employee's name or picture in publicity at the school/educational setting, all of which reduce the risk to that individual while at work.

7. Recording of information

Information recorded on any individual either studying or working at the school or educational setting should be stored in a safe manner, so not to heighten the risk to that individual, i.e. the abusive partner/family member may see the note and increase the abuse.

For further information on how to manage the recording of information see page 26 of the Domestic Abuse Protocol for Schools and Educational Settings at the end of this policy.

8. Staff Safety and Well Being

Employees are potentially at risk whenever they work with a family where one or more family members are violent. Employees should:

 Be aware that domestic abuse is present but undisclosed or not known in many of the families they work with.

Schools should ensure that employees have the appropriate training and skills for working with people experiencing Domestic Abuse; and use supervision sessions both to allow

employees to voice fears about abuse in a family being directed at them; and also to check that safe practice is being followed in all cases where Domestic Abuse is known or suspected.

Employees and managers should also be aware of the emotional impact of working with victims and/or perpetrators of domestic abuse and information and procedures for reducing risk of vicarious trauma.

9. Training

All school / educational setting employees are advised to complete domestic abuse training at some level.

Full details are available on page 36 of the Domestic Abuse Protocol for Schools and Educational Settings, Training Section:

- Basic Domestic Abuse Awareness E-learning.
- More in-depth Domestic Abuse, Risk Assessment & MARAC E-learning.
- Full days face to face Domestic Abuse, Risk assessment & MARAC Training.

Training Planned for the Academic Year 2023 / 2024

Name/Title of Staff	Training
Mrs H Simms (headteacher / DSL)	Children who experience Domestic Abuse (e- Learning) Attendance at Safeguarding Briefings
Miss S Waters	2-year statutory DSL training Awareness of Domestic Violence (e-Learning) Children who experience Domestic Abuse (e-Learning)
All Teaching staff	Awareness of Domestic Violence (e-Learning) Children who experience Domestic Abuse (e-Learning)
All Support Staff	Awareness of Domestic Violence (e-Learning) Children who experience Domestic Abuse (e-Learning)

These are completed as part of the 6-year Safeguarding Training Pathway for all employees and there is also the expectation that employees will complete refresher training every 3 years.

10. No Recourse to Public Funds and the impact this has on children

There may be occasions where victims, children of victims, or carers may have an uncertain immigration status, which could prevent them from accessing services. The victim may be hesitant to take action against the perpetrator for fear of losing the right to remain in the UK. In some cases, victims have received threats of deportation from their partner or extended family if they report domestic abuse and have had their passports taken from them. Similarly, children may have had their passports taken away from them and may fear that they and/or their parent could be deported if they disclose domestic abuse in the family. This introduces an additional level of complexity and vulnerability and employees should be aware of this and ask the specific question if they think it is a potential issue

This policy cannot prescribe specific actions in respect of this emerging and complex environment. However, employees should be aware that these issues create a complex challenge within safeguarding and can create an environment in which Child Sexual Exploitation, Modern Slavery and Human Trafficking might prosper.

We have a duty under numerous pieces of legislation to recognise threat, risk and harm and to take steps to safeguard. All employees should feel comfortable to intervene and make good professional decisions and escalate to the DSL for appropriate levels of decision making.

11. Key Contacts

Specialist Domestic Abuse Services:

These Lincolnshire services provide support for female and male victims aged over 16 years and their children affected by domestic abuse.

Boston and South Holland:

Boston & South Holland Domestic Abuse Service

This policy will be reviewed alongside the school's Child Protection Policy on an annual basis.		
Policy review	September 2023	
Next review	September 2024	

Referral Pathway:

Complete DASH Risk Assessment

For Domestic Abuse including where there is a pattern of stalking or harassment behaviour then please complete the DASH Risk Assessment - for the latest version go to

Domestic abuse resources - Professional resources (lincolnshire gov.uk)

If a child or adult is suffering or likely to suffer significant harm complete a referral to children or adult services in an emergency dial 999 If you identify a child/ren that need additional support complete an Early Help Assessment and initiate a TAC

High Risk Referral (MARAC)

If the risk assessment score is 14 or above, there is escalation of the abuse either in frequency or severity or you have a professional concern about risk (even if score is lower than 14) complete a referral to MARAC via your MARAC representative. Ensure that the service user(s) is flagged on

Specialist DA Services

If the service user is not deemed to be at high risk of further serious harm or death you must ensure that information has been provided about how to access specialist domestic abuse support and that they are able to access that support. This should be documented.

The IDVA (Independent Domestic Violence Advisor) will attempt to contact the referrer and the victim prior to the MARAC (providing that consent has been obtained)

Refer to or signpost to specialist

Responsibility to safeguard adults or children remains the responsibility of the agency and is not transferred to the MARAC or appoint services.

If you become aware of further domestic abuse tolowing the MARAC consider making a repeat referral to MARAC via your MARAC representative

Rick is dynamic. If the rick to a victim, previously not considered to be high rick, increases you should consider making a referral to MARAC.
